

SEVIT STAGE LAYOUT

4 Floor Monitors (Unless we have our live drummer then 5 please consult our manager **Krystal)**

3 Mics (Reverb and a little delay)

4 Boom Stands (Our Lead Singer Has Wireless)

Keyboards need one direct box

Backing Tracks (I bring my own DI Box need two XLR to house, they must be treated as main sound so they need to be up in the mix and heavy in Keyboard Monitor)

Lights (We bring lights but we like low light solid colors blues, red or purple)

Power plugs/ Multi Outlet on each instrument (GUITAR, BASS, AND KEYS AND VOCALS)

Mics for drums if our drummer is on tour with us (ask our Manager Krystal for information)

Projector and Screen and a way to plug into HDMI (If venue is equipped for video)

We use a hazer on stage so if your venue has issues please advise us (We can adjust the levels or X it)

If all possible and if bands are not backlining (please have the band prior remove kit)

If you have questions or concerns please address issues with (Krystal our Manager @ 469-222-0978**).**
