

SEVIT

SEVIT is a darkwave band from Dallas, Texas, known for their dynamic blend of gothic rock, post-punk, and electronic elements. Formed in 2022, SEVIT quickly gained recognition within the alternative music scene, building a reputation for high-energy live performances and immersive soundscapes that draw listeners into their world. Blending haunting melodies, driving rhythms, and introspective lyricism, SEVIT's music resonates with fans of classic and modern darkwave. Their influences range from early gothic pioneers to contemporary post-punk revival acts, creating a sound that feels both nostalgically familiar and distinctly their own. Since their formation, SEVIT has shared the stage with notable artists such as The Chameleons, Covenant, Vision Video, Twin Tribes, Urban Heat, and She Past Away, further cementing their place in the scene. Their ability to seamlessly shift between brooding atmospheres and powerful, energetic performances has captivated audiences and built a dedicated following.

THE BAND

SEVIT is comprised of four musicians, each bringing a unique style and perspective to the band's evolving sound:

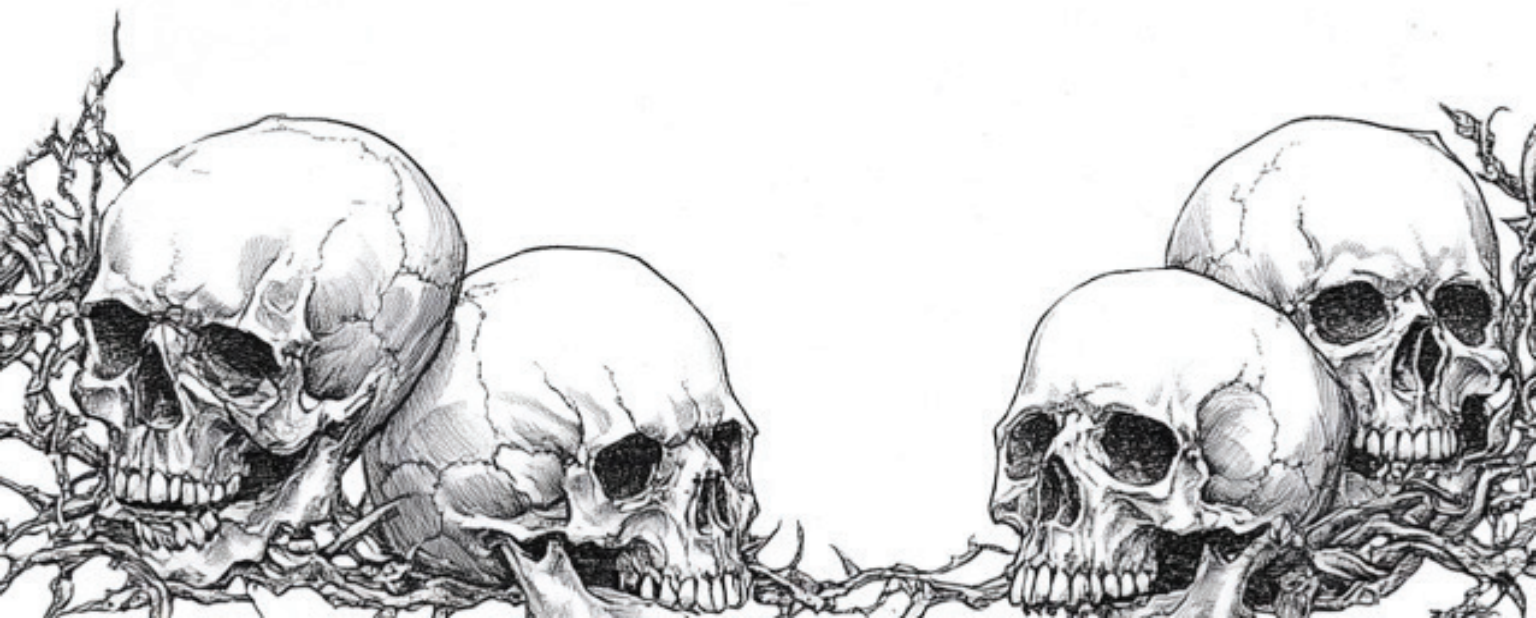

- Mario Tremaine – Vocals
- Cam B. – Keyboards
- Brian Carlos Weems – Guitar
- Maddie (Maddison) Fritz – Bass

Together, they craft music that is emotionally rich, sonically layered, and deeply immersive. Whether through the pulsing synths of their more electronic-driven tracks or the raw intensity of their gothic rock influences, SEVIT delivers a sound that lingers long after the music stops.

THE SOUND OF SEVIT

SEVIT's self-titled album is a testament to their ability to bridge the past and present within the darkwave genre. Each track tells a different story, evoking a wide range of emotions and themes. "Shipwrecked" and "Cold Dreams" delve into the struggles of addiction and loss, while songs like "Drain to White" and "Witch's Broom" explore the more esoteric and mysterious aspects of life, making them instant favorites for any gothic-inspired playlist.

With a commitment to pushing creative boundaries, SEVIT continues to expand their reach and refine their sound, delivering music that is as theatrical as it is personal, as atmospheric as it is raw.
